How to improve Pakistan educational system.

1. **Allocate** a higher percentage of the national budget to education.

2.**Teacher training**: Provide regular training and development opportunities for teachers.

3. **Infrastructure development**: Build and maintain schools, especially in rural areas.

4.**Access to education**: Ensure equal access to education for all, regardless of gender, socioeconomic status, or location.

5.**Encourage critical thinking:** Foster a culture of critical thinking, creativity, and problem-solving.

6.**Community involvemen:** Engage local communities in the education process.

7. **Promote literacy**: Launch nationwide literacy programs to combat illiteracy.

8. **Vocational training**: Offer vocational training and technical education to prepare students for the workforce.

Revitalizing pakistan economy

1.**Reducing interest rate:**

Pakistan's economy can be revitalised by reducing interest rate because interest is going to against our Islam.by the trust system poor became more poor and rich become more rich because there is no equal distribution of money all across the poor and rich peoples of the Pakistan so it is not suitable for Pakistan economic system.

2.**Diversify exports***: Reduce reliance on textiles and focus on high-value industries like tech, pharmaceuticals, and renewable energy.

3. **infrastructure**: Upgrade transportation networks, energy supply, and digital connectivity.

4.**Promote tourism:** Leverage Pakistan's cultural heritage and natural beauty to boost tourism revenue.

5. Address corruption and governance issues: Ensure transparency and accountability to restore investor confidence.

6. **Leverage regional trade agreements**: Strengthen economic ties with neighboring countries and global partners.

7. **Develop a robust manufacturing sector:** Encourage local production and reduce reliance on imports.

8. **Invest in agriculture and food security**: Modernize farming practices and enhance yields to reduce imports and ensure food stability .

Reforming Pakistan's Legal System:

1.Harmonize laws with Quran and **Sunnah**_: Ensure legislation and regulations are consistent with Islamic teachings and the Prophet's (PBUH) traditions.

2. _**Establish Shariah courts**_: Set up separate courts or divisions to handle cases related to Islamic law, family disputes, and inheritance.

3. _**Implement Islamic criminal justice**_: Reform the criminal code to align with Islamic jurisprudence, including **punishments** (Hudud) and restorative justice.

5. Encourage international cooperation and legal assistance_: Collaborate with foreign jurisdictions, international organizations, and legal experts to share best practices and enhance capacity building.

Leveraging Digital IT Services:

1.Reducing employment:

Artificial intelligence take place the humans and the unemployment increasing day by day because computer solves any problem of human being in seconds.

2. **Digital transformation** consulting services

3. **IT infrastructure management** (e.g., network management, server management)

4. **Software as a Service.** productivity suites, customer relationship management tools)

5. **Artificial intelligence** and machine learning services (e.g., chatbots, predictive analytics)

6. **Digital experience platforms** (website design, user experience optimization).

Dr. Afia and Palestine: Symbols of Resistance:

Both Dr. Siddiqui and Palestine represent the power of resilience, courage, and determination in the face of adversity. They embody the struggle for justice, equality, and human rights, and serve as a reminder that individuals and communities can resist and overcome even the most powerful oppressive forces.

Dr. Siddiqui, a Pakistani neuroscientist, was wrongly accused and imprisoned for over a decade, and her case has become a rallying cry for those fighting against injustice and oppression.

Similarly, Palestine has long been a symbol of resistance against colonialism, occupation, and human rights violations. The Palestinian people's struggle for freedom and self-determination has inspired countless individuals and movements globally.

. .The Mission of a Muslim:

1. **Shahada:** (Declaration of Faith): Believing in one God (Tawhid) and Muhammad as His final messenger.

2.**Prayer**: Performing the five daily prayers, facing towards the holy city of Mecca.

3. **Zakat (Charity)**: Giving a portion of one's wealth to the poor and needy.

4. **Sawm (Fasting)**: Fasting during the month of Ramadan to develop self-control and empathy for those in need.

5. Hajj (Pilgrimage): Making a journey to the holy city of Mecca at least once in a lifetime for those physically and financially able.

6. **Living a righteous life:** Following Islamic principles and values, such as honesty, compassion, and justice.

7. **Spreading peace and justice:** Enjoining good and forbidding evil, and working to create a better world for all.

8. **Seeking knowledge:** Acquiring education and wisdom to better understand and serve God's creation.

9. **Caring for others:** Showing kindness, generosity, and support to family.

Effective Programs like SDL:

To learn something like graphic designing and the grammar etc and the basics of slam it is good intiative.so it should be a good motto to help the peoples in education system who is poor and needy and cannot afford to get expensive education so it is very very much good initiative by **KHREDS**
